or cold frame

Fragrant Single Violets

Mrs. David Lloyd George

This is the wonderful new Violet illustrated on page 1. Wherever seen it has been acclaimed as the finest single Violet yet introduced to this country and has been awarded many gold and silver medals. Plants are very vigorous, flowers are large with the double center, highly fragrant and with long stems. Hardy, but like any violet does best with a little protection. Must be grown to be appreciated.

Princess of Wales

The parent of "Mrs. David Lloyd George." See picture on Page 4. Long known as one of the best single Violets but is bound to be superceded by the new styles.

Frey's Fragrant

A good clean grower with glossy foliage, large flowers of deep purple color, and medium length stems, but not as fragrant as its name implies.

Governor Herrick

One of the most prolific of Violet varieties but the stems are not long. Makes a very dense growth subject to disease.

Prices

For Spring—Rooted divisions only:

Mrs. David Lloyd George 50c each; \$30 per 100

For Summer and Fall—Large field plants or from pots:

Mrs. David Lloyd George 50c each, \$40 per 100

All other sorts.....30c each, \$20 per 100

Fragrant Double Violets

Marie Louise

The best double true Violet colored Violet. A strong grower, productive, fragrant, a good keeper and hardy.

Lady Hume Campbell

A well known double blue Violet with more erect habit than Louise, but not such a good color. Vigorous.

Farquhar

A selected type of Marie Louise with slightly larger flowers and a tendency to throw flowers earlier.

Mrs. Arthur

A new English hybrid of dark color—A shy bloomer.

Jamie Higgins

Another new introduction with Lilac-lavender flowers and a comparatively strong habit of growth and very large blooms.

Mrs. J. J. Kettle

Pale blue flowers and weak growth. A novelty.

Swanley White

The best and only pure white Violet. Gives large double flowers but is not an easy doer unless given good conditions and care.

Prices

For Spring—(Rooted cuttings only)

25c each; \$10 per 100

For Summer and Fall—Blooming clumps or pot plants;

Purple and Lavender varieties

25c each, \$15.00 per 100

Swanley White50c each, \$30.00 per 100
